

Elenco pubblicazioni Francesca Pagani

Mrak E, Casati L, Pagani F, Rubinacci A, Zarattini G, Sibilia V. Ghrelin Increases Beta-Catenin Level through Protein Kinase A Activation and Regulates OPG Expression in Rat Primary Osteoblasts. *Int J Endocrinol.* 2015;2015:547473. doi: 10.1155/2015/547473. Epub 2015 Mar 17. PMID: 25866509

Pazzaglia UE, Sibilia V, Congiu T, Pagani F, Ravanelli M, Zarattini G. Setup of a bone aging experimental model in the rabbit comparing changes in cortical and trabecular bone: Morphological and morphometric study in the femur. *J Morphol.* 2015 Jul;276(7):733-47. doi: 10.1002/jmor.20374. Epub 2015 Feb 20. PMID: 25703833

Dieci E, Casati L, Pagani F, Celotti F, Sibilia V. Acylated and unacylated ghrelin protect MC3T3-E1 cells against tert-butyl hydroperoxide-induced oxidative injury: pharmacological characterization of ghrelin receptor and possible epigenetic involvement. *Amino Acids.* 2014 Jul;46(7):1715-25. doi: 10.1007/s00726-014-1734-y. Epub 2014 Apr 5. PMID: 24705647

Sibilia V, Pagani F, Dieci E, Mrak E, Marchese M, Zarattini G, Guidobono F. Dietary tryptophan manipulation reveals a central role for serotonin in the anabolic response of appendicular skeleton to physical activity in rats. *Endocrine.* 2013 Dec;44(3):790-802. doi: 10.1007/s12020-013-9962-6. Epub 2013 Apr 26. PMID: 23619963

Tulipano G, Faggi L, Losa M, Mortini P, Spinello M, Sibilia V, Pagani F, Cocchi D, Giustina A. Effects of AMPK activation and combined treatment with AMPK activators and somatostatin on hormone secretion and cell growth in cultured GH-secreting pituitary tumor cells. *Mol Cell Endocrinol.* 2013 Jan 30;365(2):197-206. doi: 10.1016/j.mce.2012.10.017. Epub 2012 Oct 29. PMID:23116772

Sibilia V, Pagani F, Mrak E, Dieci E, Tulipano G, Ferrucci F. Pharmacological characterization of the ghrelin receptor mediating its inhibitory action on inflammatory pain in rats. *Amino Acids.* 2012 Oct;43(4):1751-9. Epub 2012 Mar 10. PMID: 22407485

Sibilia V, Pagani F, Bulgarelli I, Tulipano G, Possenti R, Guidobono F. Characterization of the mechanisms involved in the gastric antisecretory effect of TLQP-21, a vgf-derived peptide, in rats. *Amino Acids.* 2012 Apr;42(4):1261-8. doi: 10.1007/s00726-010-0818-6. Epub 2010 Dec 4. PMID: 21132337

Sibilia V, Pagani F, Bulgarelli I, Mrak E, Broccardo M, Improta G, Severini C, Possenti R, Guidobono F. TLQP-21, a VGF-derived peptide, prevents ethanol-induced gastric lesions: insights into its mode of action. *Neuroendocrinology.* 2010;92(3):189-97. doi: 10.1159/000319791. Epub 2010 Aug 30. PMID: 20805684

Severini C, La Corte G, Improta G, Broccardo M, Agostini S, Petrella C, Sibilia V, Pagani F, Guidobono F, Bulgarelli I, Ferri GL, Brancia C, Rinaldi AM, Levi A, Possenti R. In vitro and in vivo pharmacological role of TLQP-21, a VGF-derived peptide, in the regulation of rat gastric motor functions. *Br J Pharmacol.* 2009 Jul;157(6):984-93. doi: 10.1111/j.1476-5381.2009.00192.x. Epub 2009 May 19. PMID: 19466987

Sibilia V, Pagani F, Lattuada N, Greco A, Guidobono F. Linking chronic tryptophan deficiency with impaired bone metabolism and reduced bone accrual in growing rats. *J Cell Biochem.* 2009 Aug 1;107(5):890-8. doi: 10.1002/jcb.22189. PMID:19459167

Cocchi D, Tulipano G, Colciago A, Sibilia V, Pagani F, Viganò D, Rubino T, Parolaro D, Bonfanti P, Colombo A, Celotti F. Chronic treatment with polychlorinated biphenyls (PCB) during pregnancy and lactation in the rat: Part 1: Effects on somatic growth, growth hormone-axis activity and bone mass in the offspring. *Toxicol Appl Pharmacol.* 2009 Jun 1;237(2):127-36. doi: 10.1016/j.taap.2009.03.008. Epub 2009 Mar 24. PMID: 19327374

Pagani F, Sibilia V, Cavani F, Ferretti M, Bertoni L, Palumbo C, Lattuada N, De Luca E, Rubinacci A, Guidobono F. Sympathectomy alters bone architecture in adult growing rats. *J Cell Biochem.* 2008 Aug 15;104(6):2155-64. doi: 10.1002/jcb.21775. PMID: 18449939

Sibilia V, Pagani F, Rindi G, Lattuada N, Rapetti D, De Luca V, Campanini N, Bulgarelli I, Locatelli V, Guidobono F, Netti C. Central ghrelin gastroprotection involves nitric oxide/prostaglandin cross-talk. *Br J Pharmacol.* 2008 Jun;154(3):688-97. doi: 10.1038/bjp.2008.120. Epub 2008 Apr 14. PMID: 18414388

Sibilia V, Pagani F, Lattuada N, De Luca V, Guidobono F, Sogliani A, Netti C. Ticlopidine prevents the formation but delays the healing of ethanol-induced gastric lesions in the rat. *Pharmacol Res.* 2007 May;55(5):418-25. Epub 2007 Feb 2. PMID: 17324584

Sibilia V, Lattuada N, Rapetti D, Pagani F, Vincenza D, Bulgarelli I, Locatelli V, Guidobono F, Netti C. Ghrelin inhibits inflammatory pain in rats: involvement of the opioid system. *Neuropharmacology.* 2006 Sep;51(3):497-505. Epub 2006 Jun 8. PMID: 16759671

Sibilia V, Muccioli G, Deghenghi R, Pagani F, De Luca V, Rapetti D, Locatelli V, Netti C. Evidence for a role of the GHS-R1a receptors in ghrelin inhibition of gastric acid secretion in the rat. *J Neuroendocrinol.* 2006 Feb;18(2):122-8. Erratum in: *J Neuroendocrinol.* 2006 May;18(5):377. PMID: 16420281

Guidobono F, Pagani F, Sibilia V, Netti C, Lattuada N, Rapetti D, Mrak E, Villa I, Cavani F, Bertoni L, Palumbo C, Ferretti M, Marotti G, Rubinacci A. Different skeletal regional response to continuous brain infusion of leptin in the rat. *Peptides.* 2006 Jun;27(6):1426-33. PMID: 16321456

Sibilia V, Torsello A, Pagani F, Rapetti D, Lattuada N, Locatelli V, Bulgarelli I, Guidobono F, Netti C. Effects of hexarelin against acid-independent and acid-dependent ulcerogens in the rat. *Peptides.* 2004 Dec;25(12):2163-70. PMID: 15572206

Sibilia V, Rigamonti AE, Pagani F, Lattuada N, Guidobono F, Wehrenberg WB, Muller EE, Netti C. Long-term effects on bone of postnatal immunization against GHRH in female and male rats. *J Endocrinol.* 2003 Apr;177(1):93-100. PMID: 12697040

Sibilia V, Rindi G, Pagani F, Rapetti D, Locatelli V, Torsello A, Campanini N, Deghenghi R, Netti C. Ghrelin protects against ethanol-induced gastric ulcers in rats: studies on the mechanisms of action. *Endocrinology.* 2003 Jan;144(1):353-9. PMID: 12488364

Netti C, Rapetti D, Sibilia V, Pagani F, Pecile A, Guidobono F. Endocrine effects of centrally injected nociceptin in the rat. *Brain Res.* 2002 May 31;938(1-2):55-61. PMID: 12031535

Sibilia V, Pagani F, Guidobono F, Locatelli V, Torsello A, Deghenghi R, Netti C. Evidence for a central inhibitory role of growth hormone secretagogues and ghrelin on gastric acid secretion in conscious rats. *Neuroendocrinology.* 2002 Feb;75(2):92-7. PMID: 11867937

Sibilia V, Cocchi D, Pagani F, Pecile A, Netti C. The influence of sex and gonadectomy on the growth hormone and corticosterone response to hexarelin in the rat. *Life Sci.* 2000 Dec 8;68(3):321-9. PMID: 11191647

Guidobono F, Pagani F, Sibilia V, Sogliani A, Rapetti D, Netti C. The role of sensory neurons in the antiulcer effect of centrally injected amylin in rat. *Peptides.* 2000 Oct;21(10):1537-41. PMID: 11068101

Sibilia V, Pagani F, Lattuada N, Rapetti D, Guidobono F, Netti C. Amylin compared with calcitonin: competitive binding studies in rat brain and antinociceptive activity. *Brain Res.* 2000 Jan 31;854(1-2):79-84. PMID: 10784109

Villa I, Melzi R, Pagani F, Ravasi F, Rubinacci A, Guidobono F. Effects of calcitonin gene-related peptide and amylin on human osteoblast-like cells proliferation. *Eur. J Pharmacol.* 2000; 409: 273-278

Sibilia V, Cocchi D, Pagani F, Lattuada N, Moro GL, Pecile A, Rubinacci A, Müller EE, Netti C. Hexarelin, a growth hormone - releasing peptide, counteracts bone loss in gonadectomized male rats. *Growth Horm IGF Res.* 1999 Aug;9(4):219-27. PMID: 10512687

Guidobono F, Pagani F, Ticozzi C, Sibilia V, Netti C. Investigation on the mechanisms involved in the central protective effect of amylin on gastric ulcers in rats. *Br J Pharmacol.* 1998 Sep;125(1):23-8. PMID: 9776339

Pagani F, Netti C, Guidobono F, Lattuada N, Ticozzi C, Sibilia V. Effects of amylin and salmon calcitonin on beta-endorphin-induced growth hormone and prolactin secretion in the rat. *Neuroendocrinology.* 1998 Sep;68(3):220-8. PMID: 9734007

Guidobono F, Pagani F, Ticozzi C, Sibilia V, Pecile A, Netti C. Protection by amylin of gastric erosions induced by indomethacin or ethanol in rats. *Br J Pharmacol.* 1997 Feb;120(4):581-6. PMID: 9051294

Grilli R, Sibilia V, Torsello A, Pagani F, Guidi M, Luoni M, Netti C, Müller EE. Role of the neuronal histaminergic system in the regulation of somatotrophic function: comparison between the neonatal and the adult rat. *J Endocrinol.* 1996 Nov;151(2):195-201. PMID: 8958779

Netti C, Sibilia V, Pagani F, Lattuada N, Coluzzi M, Pecile A, Guidobono F. Inhibitory effect of amylin on growth hormone responsiveness to growth-hormone-releasing hormone in the rat. *Neuroendocrinology.* 1995 Sep;62(3):313-8. PMID: 8538870

Guidobono F, Coluzzi M, Pagani F, Pecile A, Netti C. Amylin given by central and peripheral routes inhibits acid gastric secretion. *Peptides* 1994;15: 699-702.

Villa I, Colangelo A.M., Vescovi A.L, Gritti A, Schinelli S, Pagani F, Guidobono F. Differential effects of CGRP on adenylyl-cyclase in adult and embryonic rat brain. *Neuroreport* 1994; 5: 2489-2492

Sibilia V, Guidobono F, Pecile A, Pagani F, Villa I, Netti C. Involvement of the catecholaminergic system in the inhibitory effect of brain histamine on growth hormone secretion. *Agents and Actions* 1993; 38: C272-C274.

Guidobono F, Bettica P, Villa I, Pagani F, Netti C, Sibilia V, Pecile A. Treatment with pertussis toxin does not prevent central effects of eel calcitonin. *Peptides.* 1991 May-Jun;12(3):549-53. PMID: 1656402

Netti C, Guidobono F, Sibilia V, Pagani F, Villa I, Pecile A. Effects of selective histamine H3-receptor ligands on prolactin and growth hormone secretion in the rat. *Agents Actions*. 1991 May;33(1-2):147-9. PMID: 1654733

Guidobono F, Netti C, Pagani F, Bettica P, Sibilia V, Pecile A, Zanelli J. Effect of unmodified eel calcitonin on gastric acid secretion and gastric ulcers in the rat. *Farmaco*. 1991 Apr;46(4):555-63. PMID: 1681813

Bettica P, Sibilia V, Guidobono F, Netti C, Pagani F, Villa I, Pecile A. Behavioural effects of different calcitonins in rats. *Pharmacol Res*. 1990 Sep-Oct;22 Suppl 3:21-2. PMID:2097630

Netti C, Guidobono F, Sibilia V, Pagani F, Villa I, Pecile A. A selective role for brain histamine in prolactin release induced by opiates. *Agents Actions*. 1990 Apr;30(1-2):223-5. PMID: 2142564

Guidobono F, Netti C, Bettica P, Sibilia V, Pagani F, Cazzamalli E, Pecile A. Effects of age on binding sites for calcitonin gene-related peptide in the rat central nervous system. *Neurosci Lett*. 1989 Jul 17;102(1):20-6. PMID: 2550853

Netti C, Guidobono F, Sibilia V, Pagani F, Braga PC, Pecile A. Evidence of a central inhibition of growth hormone secretion by calcitonin gene-related peptide. *Neuroendocrinology*. 1989 Mar;49(3):242-7. PMID: 2785661

Pagani F, Guidobono F, Netti C, Re F, Pecile A. Age-related increase in CGRP binding site densities in rat cerebellum. *Pharmacol. Res*. 1989; 21: 105-106

Guidobono F, Netti C, Pagani F, Bettica P, Villa I, Pecile A. Evidence for different classes of calcitonin binding sites in rat CNS: an autoradiographic study with carbo-calcitonin. *Neurosci. Lett*. 1987; 79: 91-96.

Guidobono F, Netti C, Pagani F, Sibilia V, Pecile A, Candeletti S, Ferri S. Relationship of analgesia induced by centrally injected calcitonin to the CNS serotonergic system. *Neuropeptides*. 1986 Oct;8(3):259-71. PMID:2946979

Netti C, Sibilia V, Guidobono F, Pagani F, Villa I, Pecile A. Evidence for a facilitatory role of histamine H2-receptors in the control of prolactin secretion in the rat. *J. Endocrinol*. 1986; 108: 305

Sibilia V, Netti C, Guidobono F, Pagani F, Pecile A. Cimetidine-induced prolactin release: possible involvement of the GABA-ergic system. *Neuroendocrinology*. 1985 Mar;40(3):189-92. PMID: 2986023

Netti C, Guidobono F, Sibilia V, Olgiati VR, Pagani F, Pecile A. Failure of somatostatin antiserum to reverse histamine-induced inhibition of pulsatile growth hormone secretion. *Horm Res*. 1984;19(1):12-7. PMID: 6141133

Netti C, Guidobono F, Olgiati VR, Sibilia V, Pagani F, Pecile A. Influence of brain histaminergic system on episodic growth hormone secretion in the rat. *Neuroendocrinology*. 1982;35(1):43-7. PMID:7110523
